Assessor Comments	Offering 450, Rising 5yo, SIL, 1st Cross Ewes. These rising 5yo ewes have been SIL to Aberdeen/Kurralea Poll Dorset rams for a tight 5 week joining and are due to commence lambing in early July. These ewes present in strong store condition and in my opinion are in ideal lambing condition without being overdone. Ewes were purchased out of central Vic as a top up mob but due vendors exceptional joining rates need to be moved on. Being predominantly medium framed, these highly fertile ewes represent great value with a big % (258 multi, 192 single) of lambs in them and with time on their side will easily go around again in future years. If you have any further questions please dont hesitate to call.
