Assessor Comments	Offering a genuine group of nsm ewes 2018 drop. That due to change in operation did not get the opportunity to rams in 21/22. As you can see they have been putting it all back into themselves and present well weighted and well nourished. Purchased as weaner's out of Great Western in Victoria Ex "North Allanvale", have raised pleasing percentages the last two seasons. Very strong and robust Wheat-belt merino's, with long plain bodies and nice free flowing wool. Would be wells suited to any First cross (maternal or terminal) operation. Please note that 2 we observed to have very light dry dag at assessment, otherwise very clean.
