Assessor Comments	These ewes present in forward condition and have freshened well since shearing. Long barrelled sheep, that will provide the successful purchaser both fleece weight and carcass weight. Being a spring drop these sheep are genuine 3.5 & 4.5 yo ewes, potentially allowing for an extra joining at the other end of their career. The ideal opportunity to purchase productive wool producing ewes as well as XB lamb mothers. Please note there is an additional 130 1.5 & 2.5 yo ewes off "Kirriwina" in the same sale. Please note one ewe has horns and a small percentage of ewes were long in the toe but were sound in the feet.
