Assessor Comments	First Cross Composite/Corriedale ewe lambs which have been bred out of large frame Corriedale ewes joined to a Paradoo Prime Composite. Ewe lambs have been joined back to a Paradoo Prime ram, and scanned at 125%. Lambs have an excellent bill of health, and would rear a lamb with ease. Ewes are showing great frame and weight for age, with all the hard work done these lambs would be the perfect addition to any flock.
