Temperament

Yards	Crush	Paddock
Quiet: 120 head Slightly Stirry: 25 head	Temperament not assessed in Crush	Quiet: 145 head

Temperament was not assessed in the paddock as they were in the yards. However it is compulsory for me to insert paddock temperament. These weaners have settled down and have been educated in the yards a tailed in a small paddock. However they still move quite fast in the yards and will settle down with more handling.

Handled With: Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot
