Assessor Comments	An even line of U8J Registered Stud Angus Heifers of which have been preg tested empty for you to join to the sire of your choice. These heifers possess above average generic merit, correct in structure and a temperament to match. These heifers would be ideal to add some youth to an existing stud or to help get a stud started with a wealth of breeding behind them. EBVs will be in the photos however if you have any other questions please call.
