	Heifers handled very well through draft and crush. With weaning and handling would expect heifers to become very quiet. Cows showed no signs of stirry behaviour while drafting.

Assessor Comments	A very good line of soft crossbred heifers. Coloured heifers out of vendors heifers listed for sale. Majority out of Newcastle Waters stud cows purchased PTIC. Heifers are well grown and show good bone and type. Note heifers have NLIS tag but unbranded. Worked very well through draft and crush. Being weaned since assessment until delivery. Buyers note I have taken 5% weight loss delivery adjustment but make your own judgement on assessment. All good flatback heifers suitable to take through to trade/export feeder heifers or keep as future breeders. Note: Vendor has another 2 lots this sale.
