Generally good to handle in yards and through crush. Some heifers did tend to run about in yards but nothing aggressive. Note heifers were preg tested prior to assessing.

Handled With	Bikes , Dogs
Assessor Comments	A very good line of Charbray heifers - 1 brand. Heifers were preg tested not detectable prior to assessment. Heifers are well grown and show very good bone and type. 1 x No. 0 heifer in mob (2th) balance No. 1's. Heifers show quality of breeding with their frame and type. Some heifers did want to run about in yards but nothing was aggressive. These heifers would be suitable for trade/export feeders or would make a very good line of future breeders to join to the bull of your choice. These heifers still have Santa Bulls with them until delivery. Note: PTIC sisters are offered in the Eastern States Sale.
