Considering Steers were pulled straight off the Cows prior to assessing these Steers ran through and flowed very nicely through yards. While being weighed there was 6 Steers that rushed through the crush and then settled once returned back in a bigger mob. Overall Steers were a pleasure to handle.

Handled With: Bikes , On foot

Assessor Comments: Buyers this is a good opportunity to secure a highly renowned line of well bred Angus Steers. These Steers show very good weight for age, breed characteristics and length and depth of body. Steers show good shape, softness, breed confirmation and would be a good line of Steers to put on a Winter crop to take through to heavier weights to suit Domestic Angus markets. Please note grass and Antibiotics free. Please note at assessment there was 2 Steers with old scarring on their eyes and 2 with active eyes.
