	Heifers seemed easily handled around yards, slight rush when pressure was on, only typical of age, more handling will help this.		
Handled With	Bikes , Dogs , Horses , Vehicles		

Assessor Comments	Opportunity to step into F2 & F3 Speckle Park Heifer weaners. These heifers are currently being yard weaned on the good hay and are being handled regularly in yards. Vendor has been breeding Speckle Parks for some time now and from time to time they grow out their cattle for the kill job I.e supermarket. These heifers are no different, they will not disappoint on the feed nor would they look out of place as replacement breeders or the chance to step into the Speckle Park breed. Please note that some heifers do have Bathurst Burr or other seeds in polls, bellies etc, at least 3 heifers seen with slight blue eye scarring. Also to note, there is 1 heifer fully black in colour. Nothing considered detrimental.
