Assessor Comments An opportunity to secure a line of steers that have been through some very wet and trying conditions and should do extremely well under the right conditions. Buyers please note, a portion of these steers, would already been weaned, however still running in same paddock as mothers. Please refer to photos and videos to satisfy your own judgements. The vendor is renowned for producing steers that go on and perform very well. Buyers please also note, there is two PIC numbers associated with these steers and two owners, however run under the one management program (cattle will be delivered with two NVDs).
