Assessor Comments An opportunity to secure a line of weaner steers that have been through some very wet and trying conditions and should do extremely well under the right conditions. Buyers please note, one steer was knife castrated only two weeks ago and some steers are showing some signs of being castrated late. Please refer to photos and videos to satisfy your own judgements. The vendor is renowned for producing weaners that go on and perform very well. Buyers please also note, there is two PIC numbers associated with these weaners and two owners, however run under the one management program (cattle will be delivered with two NVDs).
