Steers were very good to handle through the yards. Several steers became agitated when being weighed, quickly settled when returned to mob.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	All steers are purchased cattle and run with other cattle as an organic cell grazing operation, There was 30 steers taken off the bottom end of these to leave a line of steers that will grow into good cattle given the right opportunity. Most of the cattle show good bone and softness , they were very good to handle. I have called the steers composite so buyers please refer to videos and photos to satisfy your own take on the breeds. most of the crosses have Charolais ,red angus, Santa or Droughtmaster British Cross, Buyers please note about 6 steers with minor pinkeye scarring and 1 bull we put a ring on.
