cattle handled very well through the yards, these cattle have been handled very well by good stock handling practices since been purchased as light weaners.

Handled With	Dogs , Horses , Vehicles
Assessor Comments	this is a even line of Brahman and Brahman cross steers. these cattle were purchased as light calves of the cow late 2020 and have been on good feed moving forward since. please refer to photos for better visual description. these Brahman steers would be considered as mainly flat backs, with a small portion showing hump. Also please note that there is a set of yards within 25km that has 3 deck access to split trucks if required.
