These heifers are typically of a lot weaners. When they go - they can go quick. No aggression or malice and when handled quietly they moved through yards and crush with no problems. Good cattle to work with.

Assessor Comments	A very even line of 24 vendor bred heifers that will suit a wide range of markets or outcomes. In perfect condition to put onto crop for supermarket trade or grow out for heavier slaughter weights. Alternatively would make excellent future breeders. 18 Angus heifers and 6 Shorthorn/Angus heifers. 3 Heifers have a red tinge through their coat. 1 Heifer has a white marking on her face. All sired by stud bulls with lots of performance and bred out of large frame Angus cows. A couple of these heifers are out of ex Angus stud cows. These heifers are show the same traits as their sires with very good length, bone and stand-up. Having been bred in the Hunter Valley they will perform in many different ares and climates. There is plenty of “upside” to these young females.
