Assessor Comments	A lovely line of complete drop Hereford Heifers. These cattle will grow into future matrons, feeder or trade cattle. Take note, These cattle are in a perfect condition to buy, they have been weaned at assessment and delivered with no bellow. They

	would excel on crop or fresh pasture they have been weaned into smaller paddocks and had access to hay, but would absolutely explode given the chance on good feed. The cattle are set on a good frame and good store condition. Based on 4 cow family's as listed in bloodlines info. They include cow family's purchased from The Bell family, Purcehouse Farms, CTK cattle co, Sevenbardot P/Herefords. The cattle are listed as Hereford but there are a large portion of Poll Hereford cattle amongst them. NOTE Cattle have been 100% weighed individually & will be sold run out the gate. Also some animals showing signs of sore feet due to the assessment process through muddy/stoney yards. These are nice cattle and are genetically backed with performance.
