Assessor Comments	Outstanding line of EU angus heifers. Wagyu breeder take note, these heifers are full of breeding and have over 10 years of selecting for high IMF figures as well as growth. Have proven F1 progeny to marble 6+ consistently. These heifers have been yard weaned and handled and are just surplus to requirements. The Balcomb cows herd is outstanding and know how to breed Angus cattle, with many repeat buyers. Please note these are a run out the gate of 2 lots of 35 head (70 in total). Some heifers have small amounts of scarring on one eye only.
