Assessor Comments	On offer a line of Very Good quality vendor bred mixed sex calves, grass fed. The mothers of these calves are a large frame Kennys Creek blood joined to stud Alanae Angus Bull "Marvel", 8-9 months old. Calves were showing great depth, bone and evenness throughout the whole body with only a small weight range throughout mob. Calves were drenched and vaccinated April 20th so all husbandry is up to date. An ideal lot for someone looking for a small number of genuine quality cattle. Please note: there will be another 9 angus mixed sex calves on offer in sale off the same property for a separate vendor.
