|                       | Cows were reasonably good to handle in the yards and the crush with the exception of 3 being slightly stirry during mouthing and 1 Stirry in the yards after becoming upset in the headbale. All settled well when put back in the mob.                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                    |                         |     |                             |     |
| Handled With          | Bikes , On foot                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                    |                         |     |                             |     |
| Assessor Comments     | A Line of good economical Brangus cows PTIC 3 months and over to Ascot Charolais and Kajarabie Brangus bulls. They have been running in a rotation grazing program using regenerative farming methods. Cows present in store to forward store condition and are improving quickly after having good sappy calves weaned off and sold at the start of April for an Average of \$1530 P/H respectively. Please note buyers vendor has pre-treated cows with Cattle Guard pour on to help with and clearing into tick free areas. Also note 1 cow with slightly worn teeth, not effecting her performance. Please see photos and video for your satisfaction. Vendor has other lot in this auction. |                                                                                    |                         |     |                             |     |
