Assessor Comments	A opportunity to purchase a outstanding deck of 100% Angus-Angus PTIC heifers. Tested by a vet to be in calf to the speckle park bulls 6-12 weeks. These heifers are excellent quality and will make good cows. Heifers are good to handle and are in excellent condition for their age. Vaccinated with 5in1 and wormed recently these heifers are definitely worth considering. Also note buyers the vendor has other Heifers listed in the same sale. (cattle located in a tick free zone.)
