These steers are very good to handle and draft through the yards. Steers that were slightly stirry and stirry in the crush was mainly from being isolated or asked to stand on the platform for too long. the steers were very easy to move from yard to yard after being weighed and mouthed. Steers were very good to walk through while taking photos and counting out gateways with little to no rush.

Assessor Comments

Buyers this is an opportunity not to be missed to secure a line of top quality, front paddock cattle that won't disappoint. There is 208 steers in total to be sold in to lots of 104 as a fair and even split out the gate. These steers are showing good growth & weight for age, stand on very good bone and have a good frame that is ready to put kilos on. These steers are from a renowned herd in Western QLD and have a reputation of being proven performers on grass and grain. The Chandler Pastoral Herd has had a lot of emphasis placed on growth, weight for age and doing ability. Ideal steers to take on and finish on grass or grain. Please note 1 steers with warts around his eyes and face, 2 steers with ringworm on the neck & 5 steers with fly bites on neck, head & eyes not expected to be any issue.
