	Heifers all flowed well through the yards at assessment. The odd heifer stirred in the race and crush but settled back down once back in the mob. Odd heifer stirred a little under pressure in small yards.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses , On foot , Vehicles		
Assessor Comments	Buyers 3 decks of Brahman X heifers that have strong genetic value. Heifers are best described as being medium to large frame and in strong store condition. At assessment every heifer was handled and mouthed with a fair sample weighed of 50 head. These heifers are ideal to background out to heavier weights for feedlots or join to bull of choice future breeding. Heifers have plenty of frame with buyer seeing plenty of compensatory weight gain on improved pastures or crop.
