Assessor Comments	A good line of 18 Brangus & Brangus/ Simbrah cross backgrounding steers. They are at the ideal weight to put on an oats crop to reach their full potential either to enter into feedlots or to take through to heavier kill weights. Majority of the steers stand on good bone and conformation which will help with adding weight gain. Steers are mainly Brangus and Brangus cross with two Brahmans please see photos for own satisfaction. They are 8 to 12 months of age with a Weight Range of 265 to 367kg Av 290kg.
