Assessor Comments	91 x VGQ Droughtmaster steers presenting in store to forward store condition. Steers are all one mark and have done very well since arriving at Coonamble on agistment. Steers were trucked into Coonamble saleyards on 24/05/22 and bulk weighed after a big 18 hour curfew. At assessment the steers averaged 342.8kg with an approximate low and high weight			

of 260-380kg. Ideal cattle with plenty of compensatory weight gain to put on crop and grow into heavy feeders or take through to the kill. Please note, tight 2 day delivery period, cattle can stay longer but feeding will be at the purchasers cost. A prompt pick up will be appreciated as cattle would have been on hand for 4 days at delivery.
