Assessor Comments	58 x Mostly Droughtmaster and Droughtmaster Cross heifers presenting in store to forward store condition. Heifers were				

trucked into Coonamble saleyards on 24/05/22 and bulk weighed after a big 18 hour curfew. At assessment the heifers averaged 283.8kg with an approximate low and high weight of 250-320kg. Ideal cattle with plenty of compensatory weight gain to put on crop and grow into heavy feeders or take through to the kill. Please note, tight 2 day delivery period, cattle can stay longer but feeding will be at the purchasers cost. A prompt pick up will be appreciated as cattle would have been on hand for 4 days at delivery.
