The complete drop of Weaners is available. We have spent a lot of time handling these cattle in the paddock pre and post-weaning and they are extremely quiet to handle.

	Vendor has spent an amazing amount of time handling these cattle and they are extremely quiet to handle. Just the odd heifer became nervous while on the scales.

Assessor Comments	Buyers a nice line of mainly Beefmaster cross Heifers. Heifers have been drafted into 2 lines with this lot being the Red coated line from a total of 35 heifers in the drop. A small tail was removed at assessment. These cattle were an absolute pleasure to handle throughout the whole assessing and drafting process. Heifers would suit to finish for the Domestic or could be kept for future breeders. Note vendor has 4 lots in this sale.
