Assessor Comments	A small run of crossbred heifer weaners that will be weaned off their mothers onto the truck at delivery. These heifers are ready for a finishing enterprise if given the opportunity on good feed in warmer conditions. These heifers weighed 237.4kgs at assessment. Please see photos and videos for the type of heifers that are being offered. The vendor has 37 of the steer portion in the same sale that might help with trucking arrangements. There is one charolais x heifer weighing 386kgs that is a little older than the general run.
