For un-weaned cattle the steers handled very well. With yard weaning these cattle should settle and be good to handle

Handled With Bikes , On foot , Vehicles

Assessor Comments Good quality Angus and Angus X steers with Approx 13 head showing Santa traits from cows with content in back ground. 3 steers show extra sheath and ear(see photos) rest smoother coats. These steers represent the lead draft on weight and are good quality steers that show bone and stretch. 3 steers show old pink eye scaring and 3 slightly cloudy (not deemed detrimental to performance) Black Baldy steers same drop also offered this sale.
