Assessor Comments	Buyers a small lot of good quality Hereford yearling heifers. These heifers show very good weight for age and are ready to go to the bulls of choice. Please note these were exposed to a neighbours Angus bull for 5 days and if this is a problem for any potential buyers the vendor is happy to inject them with a shot of Prostaglandin at delivery. These heifers show enough fat coverage and have enough weight to fit domestic grassfed slaughter markets as they stand. Please be aware there are 4 lots of heifers from this property in the sale that can used to fill up a load.
