Assessor Comments	A line of well bred Angus Steer weaners, AVE 397 KG at assessment. These are the top of the drop and the smaller frame younger weaners have been left out to keep the draft even. They are well weaned to go on and fatten on grass or feedlot. Please note: 2 with white spot on scrotum and 5 with light old pink eye scarring. There are also 30 of their Heifers off the same place in today's sale.
