Assessor Comments	An opportunity to secure a neat line of Limousin backgrounding heifers. Heifers were purchased last year in September - December from predominantly Riverina and some South West VIC Store Sales. Heifers presented show good shape, bone and will excel for any producer looking to take these heifers on through to heavier markets or slaughter with another good year ahead. Since purchasing the heifers, monthly weights are recorded and monitored with having these heifers currently averaging 0.400 ADG. All health treatments are done on arrival of trade cattle. ****BUYERS NOTE**** Odd heifer has slight blemish from old pinkeye scarring. Consider not detrimental. One heifer has been treated with a weeping eye.
