Assessor Comments	Excellent quality line, Vendor bred, Hicks composite steer calves, presenting in strong store to forward fresh condition to av 332 kg, after being removed from their mothers overnight. By the Hicks composite bulls, out of large frame F1 & F2 cows, these calves display plenty of shape, bone & muscle, representing the top draft, all weighing over 300kg. Calves are a		

mixture of red, black, black & red bldys, been returned to the cows until delivery on very fresh improved pastures. Cold country bred calves that have not missed a beat and will not disappoint. Please note Vendor has 2 other lines in this sale, representing the complete spring drop. 1 steer weaned itself by my eye, bit leggy & leaner, Note delivery days.
