Assessor Comments	A nice line of vendor bred Speckle/Angus steers that present in store condition ready to bounce ahead on the right nutrition. These calves are sired by leading herd sires Black Diamond Poster Boy and Martini selected for high EMA, growth and IMF out of an excellent line of Angus cows. Black Diamond are known for high weight gains in feedlots and won many awards including Teys Jindalee Awards last year. Calves were yard weaned in October then marked late November by knife which some steers still show some bully traits eg pizzle and head as seen in photos and video. 6-8 steers were treated for pink eye two weeks and are healing well with some scarring.
