Assessor Comments On offer is a great opportunity to purchase a neat well bred line of F1 Angus Wagyu steer weaners, which rarely presents itself. These are genuine F1's, with a pure blood "Koolang" sire, out of nice medium to large frame Angus cows. A small tail has been removed, with the smaller/lighter weaners in the draft generally being the younger steers (7-11mths age spread). Weaned in Jan 22', for 1 week in the yards and followed up with a week of holding paddocks, along with booster 7in1 (7in1

at marking given) and drench at weaning. Averaging 291kg (empty), these steers present a great opportunity to secure quality F1 Angus Wagyu steers, which are ready to go, to suit either a grass program or the high end targeted grain fed programs for the Wagyu cross breeds.
