Assessor Comments	A good line of well grown Predominantly Pure Friesian steers. Look to me to be pretty well all straight Friesian. Well grown for their age and quite forward, have been putting on a kilo a day since weighing at end of December. Ideal to turn into grass fed bullocks this spring or to feed for a quicker return. Some Eyes have slight cloudiness from old Pink Eye infection, not detrimental. 2 Red Friesian steers. Fit, healthy just need some good quality feed.
