Assessor Comments	Watervalley bred 45 Wateralley Black cross and Black Baldy heifers Average 261 kg curfew. Weighed 230 - 300 kg LW. The heifers are good frames in fresh store condition , some heifers have small splashes of white on their bellies and body, 10 heifers have horns or scour and some would have a little Bos Indicus influence. The mob consists of 37 X Blacks crosses, 8 X B/Baldy crosses. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases. (Buyers can purchase both the blacks and coloured Heifers to make a up B Double loads.) The heifers have not been Preg. tested and have been running of a separate property designated for weaner heifers since weaning. (No Bulls present).
