Assessor Comments	A top quality line of vendor bred PTIC Cows with the majority of the cows having years of breeding left in front of them. These cows are part of a quality cow herd base with only top quality Santa sires being used. As shown in the photo's these PTIC Cows are chock full of frame, softness & depth and will more than compliment any herd. The vendor is only selling due to the wrong calving window for the operation; don't miss this opportunity to purchase this quality line of females. **Please note** There is also 2 decks of PTIC heifers in the same sale from the same vendor ** The vendor is also willing to take out a couple of cows so a "neat deck" can be made if requested by the buyer
