	Cows were good to handle, they flowed through the race well considering that they were pretested the morning prior to being assessed. Cows were unsettled due to those circumstances and were overall generally good to handle. 2 Cows in this mob I would class as stirry/aggressive and did not settle after being assessed.							
Assessor Comments	Buyers a good opportunity to secure a good line of predominately middle age Cows. All Cows present in good forward store to prime condition and look to be healthy and fresh in the coat. All Cows have all been pretested into joining windows with them being 5-7mths. These Cows are ideal for a breeding program or a trading operation looking to Calve down and sell on. Please note same vendor same sale has 21x17 also available.
