	Cows were good to handle, they flowed through the race well and were easy to handle in bigger yards. Out of total assessed 20hd there were 3hd which got slightly agitated in the race and crush while being weighed but when they returned back to the bigger mob they settled.		
Assessor Comments	Buyers a good opportunity to secure a good line of middle age Cows that are doing a great job on their Calves and have had the opportunity back to Simmental Bulls. These Cows are doing an exceptional job on their Calves with them present in good strong fresh condition. Cows are predominately medium to large frame and are ideal to continue a breeding program or would suit a fatten and split operation. Please note there are 20x17 leaving 3 Cows that have been pregttested 8.5mths + and will be reassessed prior to delivery due to protocols. Please note same vendor same sale has another lot of 21 PTIC Cows also available.
