Assessor Comments: 10 good quality PTIC Angus Hereford cross Heifers purchased as NSM in January 2022 and joined to the Stud Poll Hereford bull. The heifers show great weight for age and feminity. Heifers weighed 430kg to 536kg to average 480kg 4 hours off feed, with an estimated curfew weight of 461kg. Heifers were good to draft and access and very quiet in the paddock, 2 heifers stirred in the crush when mouthed but settled quickly when released. Please note 11 heifers appear in the photos and video - 1 was removed following preg testing as she was undetectable. Sister lot in same sale.
