| Assessor Comments  | Bald Blair have been breeding Angus cattle for over 100 years and is one of the oldest running Angus studs in Australia. This offers a rare opportunity to purchase a line of excellent soft coated commercial PTIC females bred out of the Bald Blair commercial herd, all heifers produced a calf in 2021 and were weaned 30/03/22. Please note 2 heifers are showing old pink eye scar.   |                |                |
