These heifers are very easy to handle in the paddock and yards. Odd one a little excited in confined spaces but no worries when put through crush.

Handled With	Bikes , Dogs , Vehicles
Assessor Comments	These heifers were purchased from a renowned QLD cattle property as yearlings especially to join to LBW Angus bulls. Well grown with plenty of weight and a pleasure to work with both in the paddock and yards. There is only a couple with a pronounced hump , balanced being flat backs. I have know doubt these cattle will do a great job on there calves as have purchased before. They will have a realistic reserve and will be priced to sell. Vendor has another 23 PTIC blue tag heifers as per above description.
