Assessor Comments	These heifers were purchased from a renowned QLD cattle property as yearlings especially to join to LBW Angus bulls. Well grown with plenty of weight and a pleasure to work with both in the paddock and yards. There is only a couple with a pronounced hump , balanced being flat backs. I have know doubt these cattle will do a great job on there calves as have purchased before. They will have a realistic reserve and will be priced to sell. Vendor has another 51 PTIC red tag heifers as per above description.
