Assessor Comments	Buyers on offer is a very well bred line of young matrons backed by a wealth of genetics from Ardrossan Angus, with well bred F1 Wagyu calves at foot. These calves have not been marked. These young cows have not been rejoined giving the potential buyer the chance to join to the Sire of their choice. With the Wagyu market going full steam ahead this presents potential buyers with a good sources of income from these young cows. odd cow noted with pink eye scarring ranging from a slight blemish to 3 cows with a full white eye. a few also noted with white on the udder. one cow has a high tail set and seems a little stiff the the back legs.
