Assessor Comments	Proven Matrons that have stood the test of time and are still providing! A neat small line of Angus Cows PTIC to Angus Bulls for an ideal Spring calving. Cows are 10 Years of age but the age barrier is not hampering them with cows not long weaning calves, hold condition and still getting back in calve with ease!! Cows are Te Mania blood and have a mile of stretch, frame and depth! Proven matrons like this are a true to testament to very good breeding. Note; 1 cow with a hip off, and 1 cow with slight blue eye Offering July payment terms to pre-approved buyers. Please phone for more details!!
