| Assessor Comments     | A very nice line of heifers and calves that have been running with a Karoo Angus. These heifers are medium to large fame and are doing a great job on their calves. 5 heifers are PTIC to a Karoo Angus bull and one has had the opportunity right up to being preg tested to the same bull. These heifers are very quiet and were a pleasure to handle.                              |                              |                                 |      |                                        |      |              |      |
