| Assessor Comments  | A small line of cast for age cows being offered from the renowned Meadows Angus herd at Oberon. Preg tested in calf for an August / September calving to the Karoo sire. Whilst a number of cows are now broken mouth they remain in great nick and if you have a paddock of surplus feed certainly would represent a trading opportunity. Beautiful quiet cows to handle and sound in every other aspect. Worth a look |                |                                     |
