Cattle were quiet to handle and flowed very well through the race. 4hd become agitated when singled out but did quiet down once back in mob. Weaners did tend to rush up the race as it was their first time but got quieter and well behaved during assessment.

Assessor Comments	A very good run of 49 Santa X mixed sex weaners. Consisting of 26 Heifers, 13 Steers and 10 Mickeys. These fresh calves have been weaned upon assessment and will be weaned into the holding paddock until delivery. Vendor will aim to give slight education through the yards and tail them out. Their mothers were purchased locally, from a top quality Santa/Santa X herd and calved out on "Tanamera". Prompt delivery is appreciated. Quality bred weaners that would be suitable to grow out to feeders and/or retain the heifer portion that would be an asset to any breeding herd. Please note there are approx 50% cleanskin and unbranded (16 mickeys & 15 heifers) but will have an NLIS tag upon delivery. As this is a complete paddock offering four mickey bull calves are 425 - 546kg. Lot includes 6 Blacks, 1 White Brindle and 1 Brindle the balance are very good red cattle. Considering the weight spread they do present as a very even line of weaners.
