These cattle worked very well through the yards. Drafted through a pound they moved freely and were blocked and drafted well. In the paddock they are easily mustered with bikes and dogs in a low stress environment.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	These heifers are in genuine store condition . Having had 48 hours in the yards prior to weighing they have experienced a very genuine curfew . These heifers would usually be kept to domestic feeder weights or fattened , however due to a change in business direction they will be regretfully sold. One heifer has bent ears that don't appear to affect her , there is also a number 0 heifer in the video that has been removed from the mob.
