| Assessor Comments             | Buyers here is a line of VGQ genuine Breeder heifers. This is the younger draft of the no2 Barford heifers with none being retained as replacements this year. These are out of medium to large framed Santa, Simbrah, Charolais, Shorthorn & Droughtmaster cows by high priced Woonalee, Gowrie & Yarrawonga blood bulls. These heifers show great length, depth and softness while retaining their femininity, they stand on good bone and would be an asset to any breeder herd. Alternatively they would be ideal to go into lucrative domestic feeder programs or for a oats/grass kill as they are all vendor bred, lifetime traceable, no HGP or Antibiotics. Please note 1 heifer with slightly twisted nose and a few with fly rub marks neither considered detrimental. |                     |                         |                                     |
